

# CALL FOR PAPERS

XIII Russian Scientific Conference with International Participation  
"SCIENCE OF THE PRESENT AND THE FUTURE" for students, postgraduates and young scientists  
15<sup>th</sup>-17<sup>th</sup> of May 2025, Saint-Petersburg, Russia

The 13th International Conference "SCIENCE: PRESENT AND FUTURE" for Students and Young Scientists is organized by the Saint-Petersburg State Electrotechnical University "LETI" (SPbETU "LETI", Saint-Petersburg, Russia).

The conference brings together famous experienced and young scientists, leading experts of industry and commerce in a friendly working atmosphere. This gives a unique opportunity for the presentation and open discussion of the latest achievements in science and innovative technologies. The aim of the conference is to develop creative activity of students, to engage them in the solving of actual problems in the field of science and technology. The conference provides an opportunity for potential employers to present their achievements and to tell about the job and career prospects for graduates of the university. The conference program includes plenary talks, topical sessions with invited talks and oral presentations, as well as virtual (on-line) poster sessions.

Presentation of reports: oral and poster. The poster session will be held in person and in virtual form on the conference website. The collection of conference materials is posted on the conference website and in the scientific electronic library. eLIBRARY.RU The best reports will be awarded with diplomas according to the decision of the jury.

***The conference will be provided in a mixed format — face-to-face and remotely. The languages of the conference are Russian and English. The registration fee is not required!***
